Cast Adrift is the first part of a science fiction saga set in an interstellar world of the far future where Earth is merely a myth. Ean is queen of the Willow, a small ship with a Traditional crew who live in space and trade between the stars. Suddenly Tre, the laid back crew enforcer, is demanding that they dash to one system to pick up cabin boys and then divert to another to recruit an adolescent who is utterly unsuited to spacer life. Who is Jax? What is Rae? Why is the most powerful individual in Known Space interested in Kip? Most importantly, what is Tre up to?
