Emmalyn refuses to obey the new law that says she can't drink human blood. In fact, she intentionally flaunts her murders. When she's arrested and taken before the Lord of vampires she expects to die. Instead, she is inserted into his harem of human and vampire mistresses where she learns secrets about her world she never expected: who the Lord of the Vampires actually is, the reason behind the bloodless law, and how it is all woven into her past...A past that links her to the leader of the supernatural world and his quest for the one who will bear his heir.
